

# ii recycling program

As part of Urban Innovations' ongoing effort to encourage environmental stewardship and responsibility, we have teamed up with Flood Brothers to manage the footprint we leave on our environment.

## The program will include:

- desk-side containers for paper products
- commingled recycling for plastic, glass and metal

## do recycle

### paper types:

- office/school paper
- junk mail
- newspaper
- magazines
- catalogs
- telephone books
- cardboard & chipboard

### glass, metal & plastic containers:

- steel cans
- aluminum cans & foil
- empty aerosol cans
- only clear, green & brown bottles/jars
- plastic bottles & containers with #1-5 & #7 symbols

## do not recycle

- |                        |                                    |                        |
|------------------------|------------------------------------|------------------------|
| • plastic bags         | • drinking glasses                 | • plastic-coated paper |
| • bottle caps/jar lids | • plastics with #6 symbols         | • porcelain/ceramics   |
| • light bulbs          | • full/partially full aerosol cans | • coat hangers         |

For more information regarding the recycling program, please contact Urban Innovations' Building Management Team at 312.222.0777. For more information on Flood Brothers, visit their website at [www.fbd disposal.com](http://www.fbd disposal.com).
